Denver, CO 80203

## **Form 19 - Spill/Release Report**

For reporting of Spills/Releases, please use eForms.

COGCC Rule 906.b. specifies that a Form 19 be filed to fully document Spills and Releases and it is the policy of COGCC to accept such submittal through our eForm system. The eForm may be submitted by anyone who has been granted credentials to submit documents on behalf of the Operator reporting the Spill or Release.

General information and help regarding registering for and use of the eForms system can be found [here](#).

If you do not have access to eForms, please contact the COGCC Environmental Protection Specialist for the area in which the Spill or Release occurred ([Map of EPS Areas](#)) for assistance in establishing an account and/or reporting the incident. We will be happy to provide the training necessary to effectively and accurately report your incidents.
