## GASOLINE OR OTHER EXTRACTION PLANT MONTHLY REPORT

Each operator of a gasoline plant, cycling plant or any other plant at which gasoline, butane, propane, kerosene, oil, or other liquid products are extracted from gas within the State of Wyoming, shall furnish for each calendar month a Gasoline or other Extraction Plant Monthly Report, Form 9, containing the information indicated by such form respecting gas and products involved in the operation of such plant during each month. Such report for each month shall be filed on or before the 20th day of the following month.

### INSTRUCTIONS

The addresses, as required on this report, shall be clear and definite as to Street Number, City and State.

This report, including Sheet 2, shall be made by each Operator of a Gasoline Plant, Cycling Plant, or any other plant, at which gasoline, butane, propane, condensate, kerosene, oil or other liquid products are extracted from natural gas.

Note: Under "Remarks" show the name of the transporter and the quantity delivered to each, except deliveries to trucks which may be reported in total only.

In the preparation of Sheet 2 of this report, group and report by unit the volumes of "Gas from Oil Wells" and the total thereof; group and report by well the volume of "Gas from Gas Wells" and the total thereof; report by each source the volume of "Gas from Other Sources" and the total thereof; and report the total intake Volume from All Sources.

Make a separate report for each plant.

Please use typewriter if possible.

In any space does not apply fill in with a "zero".

Report Sulfur Production in long tons (2,200 lbs).
