## **FORM 6 INSTRUCTIONS**

All fields of data entry are required and failure to complete this form in its entirety will result in the form being returned to the operator. A separate report is required for each Field or Reservoir. If any space does not apply, enter the word "NONE or NA".

A report on this form shall be made by each producer/operator and shall be filed on or before the 15<sup>th</sup> day of each calendar month and shall be complete as to data covering the calendar month preceding the date of filing. One executed copy shall be filed with the Arkansas Oil and Gas Commission, El Dorado, Arkansas, and one executed copy shall be furnished to the first purchaser or purchasers moving oil or other liquid hydrocarbons from the lease or leases.

### **Lease Data**

Enter the permit number and each corresponding well name and number (this information will automatically be inserted into other fields if using Excel). Enter purchaser, tank numbers for tanks on lease and size of tanks. For disposition of gas, indicate flared, vented or if sold, list purchaser of gas.

### **Production Data**

Enter each production total (do not use decimals or fractions). All amounts of oil shall be reported in barrels computed from 100% tank tables and based upon actual physical gauges. For production method, indicate: rod pump (RP), flowing (F), submersible pump (SP). If other, please list.

### **Summary of Stocks and Disposition**

Enter beginning inventory. The amount of oil produced will be entered from the Production Data, if using Excel; otherwise enter production of oil. Enter the amount of oil moved from the lease under Disposition. Enter any BS&W or tank cleaning under the column "Other". The ending total will be calculated if using Excel; otherwise enter ending total.
